

Greater Peterborough Area Sustainability Plan

Project Description:

The Greater Peterborough Area (including 10 municipalities and two First Nations) undertook an ambitious and exciting initiative to complete a Comprehensive Sustainable Community Plan (CSCP) over an 18-month period. The work built on over 10 years of research, collaboration and projects on sustainability within the Peterborough Area.

Lura Consulting and HSAL were retained to prepare the CSCP. Over the past year Lura and HSAL worked with the Peterborough County and the Greater Peterborough Economic Development Corporation to establish their approach to developing their sustainability plan. HSAL created a Current Situation Report to provide an analysis of the community's baseline conditions; facilitated a visioning session; and, identified Working Groups to assist in the creation of the CSCP.
